India's Aviation Momentum Came Alive At Airport360 Expo 2026

As India accelerates toward 1 billion passengers and 350 airports by 2047, Airport360 Expo 2026 brought together the stakeholders shaping the next phase of aviation growth.

From airport operators and airlines to infrastructure leaders, MRO specialists, technology providers and ground handling experts, the second edition of Airport360 Expo delivered excellence and much more.

The second edition of the show in Mumbai welcomed over 2,500 industry professionals, 70+ exhibitors and more than 200 aviation experts and decision makers, with participation from over 10 countries.

The two-day platform combined exhibition, conference and awards creating a space where conversations moved beyond ideas into collaboration, partnerships and industry-wide momentum.

Event Recap

Across two action-packed days, Airport360 Expo 2026 featured:

- Live Product Showcases
- Strategic Business Meetings
- Networking Opportunities
- Thought Leadership Sessions
- Global Industry Participation
- And The Inaugural Airport360 Awards Recognising Excellence Across The Airport Ecosystem.

The Industry Was Talking

Airport360 Expo 2026 generated strong engagement across the aviation ecosystem from industry conversations and social buzz to national media coverage and thought leadership discussions.

Industry Buzz

The screenshot displays a social media feed with several posts related to the Airport360 Expo 2026. Key posts include:

- Suprema India**: "Two days. One breath. A lot of conversations worth having. 2k" - A tweet celebrating the expo's success.
- Gurdeep Singh Arora**: "Great experience! One thing I shared during our panel discussion, and truly believe is the need of the hour for our rapidly growing aviation sector is that efficiency without safety has no value, and technology without trained people has no impact." - A tweet sharing insights from a panel discussion.
- Monalisha Sahoo (PMP)**: "What an impactful session at Airport360, where technology and experience came together to offer a fresh perspective on how airports evolve with a constantly changing ecosystem." - A tweet praising the expo's focus on technology and experience.
- RAJESH JETHWANI**: "Proud moment for AECOM, ODCC & NMIA. I'm delighted to share that AECOM, in collaboration with NMIA has been conferred the 'Partnering Excellence Award 2026' at Airport360 Award, held during Airport360 Expo 2026 in Mumbai on 24 April 2026." - A tweet announcing an award for AECOM and NMIA.
- Rishi Bangar**: "Completed the Certification Program in Airport Planning & Engineering by IAT EdTech 2k" - A tweet celebrating a certification achievement.
- Rajesh Jethwani**: "India is already the world's 3rd largest aviation market. The number of airports has grown from just 74 in 2014 to 163 in 2025, with a bold vision of reaching 350-400 by 2047. Passenger traffic is projected to grow nearly 6x, reaching 1.1 billion by 2040." - A tweet highlighting India's aviation growth.
- Jigar Mehta, C.Eng**: "An hour of honest, unfiltered conversation about where Indian airports actually stand on technology — and where they need to go." - A tweet discussing the state of Indian airports.
- Anoop Sharma**: "We are honoured to be recognised by Airport360 Expo for Excellence in Airport Facility Management. This recognition is due to OCS frontline teams who deliver consistently high standards across airport operations. Proud moment for OCS India." - A tweet celebrating an award for facility management.
- Apurva Deivedi**: "Me and our team and Crescent Foundry would like to thank everyone for their tremendous response at the recently concluded Airport360 Expo in Mumbai! We look forward to moving from conversations to collaborations soon!" - A tweet expressing gratitude for the expo's response.
- Divya Ramkrishna**: "What stood out to me at Airport360 Expo wasn't just the footfall. It was the quality of conversations happening on the ground." - A tweet praising the quality of discussions at the expo.
- PGDC Microsystems (P) Limited**: "That's a wrap! An incredible two days at the Airport360 Expo 2k. It was a highly engaging experience with insightful discussions and strong industry connections." - A tweet celebrating the expo's conclusion.
- HRIHITHRAJ DEVATHIRAJ**: "We're thrilled to showcase our latest AI-powered security and surveillance solutions, shaping the future of Airport infrastructure." - A tweet highlighting a company's AI-powered security solutions.
- Meet Trivedi**: "It's always a pleasure to represent Millennium Aero Dynamics Private Limited on any platform, and Airport360 Expo is truly one of a kind." - A tweet expressing appreciation for the expo.
- Kinetic R Robotics**: "Thank you for this wonderful opportunity. We had an incredible last two days at Airport360 Expo — connecting with our customers, principals, and colleagues. It was great meeting everyone and sharing such valuable moments together." - A tweet thanking the expo for the opportunity.

Media Impact

The screenshot displays a collage of media coverage from three major Indian news outlets:

- The Times of India**: "N Mum airport seen handling 50,000/day passengers by Dec" - An article reporting that the Navi Mumbai International Airport is expected to handle around 50,000 passengers per day by December 2026, up from roughly 19,000 to 20,000 currently. It also mentions the airport's role in connecting Mumbai to other cities like Singapore, Oman, Sri Lanka, and Thailand.
- The Economic Times**: "Indian aviation sector to handle about 500 million passengers annually by 2030: NMIA chief" - An article stating that the Indian aviation sector is expected to handle about 500 million passengers annually by 2030, according to the NMIA chief. It also mentions the sector's growth and the role of airports in connecting India to the world.
- The Hindu**: "'Amid geopolitical tensions, India has strong advantages in aviation'" - An article discussing India's strong advantages in aviation, particularly in the context of geopolitical tensions. It highlights India's growing aviation sector and its potential to become a global aviation hub.

From strategic infrastructure discussions to industry-wide visibility, Airport360 Expo 2026 reinforced its growing role within India's aviation ecosystem.

Guided By Industry Leadership

Airport360 Expo 2026 was supported by leading voices across aviation, airport operations, infrastructure and technology helping shape meaningful industry conversations and strategic direction.

Key Exhibitors 2026

What Exhibitors Had To Say

"The response at Airport360 Expo was extremely positive. We had many fruitful conversations and were pleasantly surprised by the quality of engagement at the event."

Thomas Schellner
Representative, ivii GmbH

"It's our second time exhibiting, and Airport360 Expo has always provided us with strong industry interactions and opportunities to connect with both international customers and new stakeholders entering the aviation sector."

Shankar Dey
Marketing Head, Dormakaba India

"The experience at Airport360 Expo has been very positive. The energy at the event was excellent, and we had highly interactive conversations with a wide range of industry visitors."

Gurunath Bhor
Marketing Team
Samarth Security Systems

"Airport360 has been a fantastic experience with global industry leaders coming together to exchange ideas, perspectives and innovation across the aviation ecosystem."

Rajkumar Maharshi
Senior Vice President – Business Development, OCS Group India

"Airport360 brought together high-quality visitors, consultants, system integrators and airport stakeholders, making it a strong platform for growing our presence in the Indian market."

Josua Braun
Chief Revenue Officer
Dallmeier Electronic GmbH & Co.

"Airport360 creates a strong platform where suppliers, solution providers, system integrators and customers come together to collaborate, discuss priorities and drive meaningful industry conversations."

Susanta Sharma
Principal Director & Business Head ,
Aurionpro

"Our second experience at Airport360 has been excellent. The platform enabled us to connect with interesting customers, partners and system integrators from across the industry."

Vivekanand
Chief Strategy Officer

Industry Voices

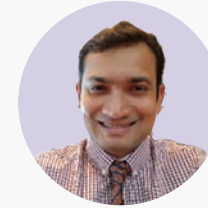

"It is overwhelming to see stakeholders from across the aviation ecosystem and international organisations come together to share perspectives, discuss challenges and explore solutions for the industry."

Dr. Sharad Kumar
Chief Advisor
Airports Authority of India (AAI)

"Airport360 is a very well-organised platform that has grown impressively in scale and quality. For Mumbai, this experience has been exceptional and truly encouraging for the industry."

Bharat Malkani
Chairman
Max Aerospace

"Airport360 delivered a very professional and engaging environment with insightful discussions, energetic conversations and strong industry participation throughout the conference."

Ashwin Naidu
MD, Commercial Marketing – Eurasia
& Indian Subcontinent, Boeing

"Airport360 Expo will play a crucial role in bringing the entire aviation ecosystem together on a single platform. Today, there is no better platform like Airport360 in India."

Capt. B V J K Sharma
Chief Executive Officer
Navi Mumbai International Airport

"This expo brings together operators, consultants, specialists and stakeholders from across the airport ecosystem."

Tang Kai Vern
Executive Vice President (Aviation, Health & Wellness Group), CPG Consultants

"Airport360 is where the aviation industry comes together to discuss where the sector is headed and what the future should look like."

Goutam Mukherjee
Director Airport and Border Authority, Amadeus

Conversations Shaping The Future Of Aviation

Running alongside the exhibition, the Airport360 Conference brought together global and Indian experts to discuss airport operations, infrastructure readiness, passenger experience and commercial aviation growth.
